Subject: 3 Recommendations for Major Appointments

Jared

I am attaching resumes of 3 individuals who should be a part of the Trump Administration. All are supporters since before the nomination was secured and have been active in the campaign.

The 3 individuals are people who I believe advance DT agenda. They will be totally reliable and responsive to the Trump White House.

I am available to give you details on the work they did in the campaign or on their backgrounds.

Stephen Calk

Calk was active supporter of campaign since April. HE served on the National Economic Policy Advisory Committee for Trump campaign and has made over 40 television interviews during the course of the General Election. His background is strong in defense issues, management and finance. His preference is Secretary of the Army.

Recommended Position: Secretary of the Army

Alternative Positions

Undersecretary of the Treasury for Domestic Finance

Undersecretary of the Treasury for International Affairs

Deputy Secretary of Commerce

Pat Sink

Sink is a Republican labor leader with strong ties to Richard Trumpka. His background is in the construction unions and has served at the National level of leadership. He was actively involved in the DT labor program in the Midwest. He brings complete loyalty to DT and an ability to work directly with the National Union leadership. He also is networked in the National Rifle Assn and Law enforcement communities.

Recommended Position Secretary of Labor

Alternative Position Dep, Sec of Labor

Vernon Parker

Vernon Parker was one of the higher level black political appointees in the Bush Administration. He has been an active supporter of ours since April and worked to help us in the delegate fights at the state and district levels.

Recommended Position: Deputy AG, Dept of Justice

As a black appointment, Parker would bring administrative skills to the position and would be a visible answer to the bogus racist charges that will be leveled against Jeff Sessions.

Alternative positions:

Assistant AG Civil Rights:

The Assistant Attorney General's spot for Civil Rights at Justice will be a hotbed, and the Trump administration will be under the microscope with every move. Parker was the first ever Assistant

Secretary for Civil Rights at USDA.

Director of Office of Personnel Management, White House

He served as General Counsel of the Office of Personnel Management under President H.W Bush.
